SCHOOL NEEDS

W. A. GEORGE DISCUSSES PROPOSED PURCHASES OF LAND FOR HIGH SCHOOL

W. A. George of 400 West Stocker Street has been giving some thought to High School needs in the matter of more land to provide sites for buildings and also the location of that land. Of the results of his thinking he says:

"It seems to me that the present site is desirable. It serves the purpose very satisfactorily. The suggestion of Mr. Butts to go out on Verdugo Road is attractive, but in that event they would have to provide for some disposition of this present school property. Of course the town is growing and it might be utilized as an Intermediate School.

"The question of bonds and interest on bonds is a vital thing. The people are burdened and they should be considered. One of the vital features is cost. The town now has bonds issued for \$650,000.

"I am in favor of buying the property on Brand. The fact that it is a business thoroughfare doesn't detract in any way but brings it most forcibly before the home public and strangers. It has many good points as far as location is concerned, not the least of which is that it is centrally located. When you weigh the questions in the balance and compare it with the other proposition, when you take into account the fact that Brand is a wide boulevard and that the purchase and improvement of the Brand street frontage is going to make the appearance of the town very attractive, I believe it is the best location and the most economical.

RELATIVES WELCOMED

Dr. H. C. Smith of 1145 East California has just welcomed his father who has returned from Mount Pleasant, Iowa, after a two years' absence. He will now make his permanent home with the doctor and Mrs. Smith. Mrs. Lida Smith of Ainsworth, Neb., is also a guest in the doctor's home and will probably be here for the winter. A nephew, J. Glenn Negley of El Paso, Texas, has been here visiting during the past week but has gone to San Diego to visit his mother who resides there. He may decide to winter in Southern California.

SHAKESPEAREAN SECTION

The Shakespearean Section Club of the Tuesday Afternoon Club met Monday at the home of Mrs. Lyon on North Maryland Avenue, and began the study of the "Taming of the Shrew." The open meeting which had been planned for this month was postponed until the latter part of January.

Christmas decorations graced the rooms and the refreshment table, where tea and cake were served.

CHRISTMAS SPIRIT

DOMINATES MEETING OF LITERARY SECTION WHERE RELIGION IN LITERATURE IS THEME

The Christmas spirit dominated the meeting of the Literary Section of the Tuesday Afternoon Club which met at the home of the curator, Mrs. Charles Hutchinson, on North Orange Street Tuesday afternoon. Many gifts for the children's hospital in Los Angeles were brought by members and will be taken there by Mrs. Plasterer.

Plans which are being made by a specially appointed committee for a Colonial tea to be given in February were discussed tentatively and then the speaker of the afternoon, Miss Darlow, of the Los Angeles Public Library, was introduced and made a very beautiful talk on "Religion in Literature." She dwelt on the tendency of modern religion to get away from the theology of thirty years ago with its dogmas and creeds and set up more liberal ideas; that all the literature of the day leads up to the doing of things. She also said that the books most called for in the library are books on spiritualism. This, she thinks, is due to the war in all probability, and also may be due to some extent to the influence of certain of the new books, as for instance "The Spirit of Mons," which describes the appearance of an angel on the battlefield. She said it is read a great deal and a nurse had told her of a soldier who assured her he had seen the spirit on the battlefield. The in-

CHANGE H. S. SITE

J. WILLIAM SLATER ADVOCATES THE REMOVAL OF ATHLETIC FIELD

Editor Glendale Evening News:

Dear Sir: In your issue of December 12 you published an article by H. M. Butts concerning the High School problem, and also appended a footnote inviting discussion of this important matter. I would like to express some views on the question through your paper, if you can spare a small amount of space for a matter so important as this.

The idea of Mr. Butts, as presented in changing the site of the High School, is an admirable one, and if no adequate site can be found closer to the Glendale car line, the property he mentions is undoubtedly the right place.

The writer was present at the meeting called last week, but was somewhat late in attending owing to the short notice given.

And right here it might be said that a notice published in a paper four hours previous to the time of the meeting does not get sufficient publicity.

Mr. Butts is not entirely correct in saying that Mr. Chas. L. Chandler "was the only one in the whole audience who voiced the sentiment of what I intended proposing."

The writer voiced this sentiment early in the meeting, and also the removal of the athletic field to provide a suitable place for the new auditorium. He also mentioned, in passing, the high cost of the Brand Boulevard property, and the fact that if the property were bought the High School would find itself in a pocket or center where future expansion would be impossible.

In order to understand how the High School happens to be in its present situation, it is necessary to go back into the city history about thirteen years.

At this time the High School, as the writer remembers it, was a two-story, yellow frame building at the southeast corner of Brand and Broadway. This site was about a half mile from the business center at Broadway (Fourth) and Glendale Avenue. When the newer location was selected it was also about the same distance from the business center as the old one. Since that time,

HOUGH-JACK

William A. Hough and Mrs. Ella F. Jack were married quietly Wednesday morning at 10 o'clock by Rev. Cornell of Pasadena.

Mr. and Mrs. Hough will be at home to their friends after January 1, at 303 North Maryland Avenue.

POLITICAL HONORS

Mrs. Ralph Meeker has just been appointed a member of the Republican State Central Committee. It is by no means her first experience in work of this character, as she had been a member of the County Central Committee until the last election when she was temporarily absent from this district. She has always been interested in politics.

LOCATION COMMITTEE

C. W. YOUNG APPOINTS COMMITTEE TO REPORT ON ADDITIONAL SCHOOL LAND

The advisory committee appointed by C. W. Young, chairman, of the mass meeting called in the interest of bonds for increased equipment and ground for the High School, held their first meeting last Friday evening at the High School and after discussions, the committee was enlarged to secure wider representation from the various sections of the district. Another meeting was held last night and many suggestions were presented and discussed at length.

All persons interested in this matter are urgently requested to get in touch with some members of this committee or mail suggestions so that the committee may obtain the general opinions of the voters of the district. This is a matter of vital interest to every person in Glendale, and the committee hopes that the ideas of many will be presented.

The following are members:
J. E. Peters.
R. L. McNitt.
H. V. Henry.
Mrs. C. E. Hutchinson.
Stephen Packer.
Mrs. A. A. Barton.
R. W. Meeker.
Hal Davenport.

SECRETARY LANE'S RESIGNATION

ISSUES STATEMENT AS TO WHY NEWS WAS WITHHELD; WANTS MORE SALARY

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 17.—Following reports that he had resigned, Secretary of the Interior Lane today issued a statement, saying:

"With reference to the talk of my resignation, I have not sent it to the president nor have I even written it, but I do contemplate going out of the cabinet and have refrained from talking to the president about it because I do not want to add to his burdens or worries at this time, nor do I know when the time will come that I can. This is a full statement of all the facts. I have thought it unkind to say anything to the president about the matter and that any mention of this by any one would be a needless annoyance to him."

It had been rumored that Secretary Lane was resigning on account of some disagreement with the president. It was learned today that the specific reason for his resignation is the same as that of former Secretary McAdoo, that the salary is insufficient, and that a fine offer to enter a private enterprise has been made to him.

FAMINE CLUTCHES AUSTRIA

CARDINAL PIFFL DECLARES "AUSTRIA IS CRUSHED" AND APPEALS TO AMERICA AS "ONLY HOPE"

(Special Service to Glendale Evening News)

ROME, Italy, Dec. 17.—Cardinal Piffl, Archbishop of Vienna, the leading Austrian churchman, declared today that one of the greatest catastrophes in history is facing Austria as a result of the famine situation. He declared that famine is already clutching women and children and is threatening the annihilation of the entire country. He blamed the terms of the peace treaty which prevented an economic union with Germany for this condition.

"We are crushed forever," he said. "Under the treaty Austria cannot live."

He said that he had written Cardinal Gibbons asking him to lay the case before President Wilson, saying, "Our only hope now is America."

ANTI-JAPANESE MOVEMENT IN CHINA

JAPAN INSTRUCTS MINISTER PLENIPOTENTIARY TO PROTEST, AS IT ENDANGERS FRIENDLY RELATIONS

(Special Service to Glendale Evening News)

TOKIO, Dec. 17.—The cabinet today instructed the Japanese Minister Plenipotentiary for China to protest strongly to the Peking government regarding anti-Japanese activities in China, which, the Japanese say, are endangering friendly relations. It is understood that the protest is based specially on the Foo Chow incident and on the Chinese boycott of Japanese merchandise.

SLOW PROGRESS IN HARRY NEW TRIAL

MRS. BRADFIELD OF LONG BEACH PEREMPTORILY CHALLENGED IN JUROR EXAMINATION

(Special Service to Glendale Evening News)

LOS ANGELES, Dec. 17.—A woman was the first person peremptorily challenged this morning in the trial of Harry S. New for the alleged murder of Freeda Lesser. She was Mrs. S. A. Bradfield of Long Beach. She was one of the few women who had been passed for cause. The prosecution excused her.

New was in the courtroom early this morning and while he waited for the trial to open, chatted with his mother, Mrs. Lily Berger and Miss Edna Clancy, his half sister. Mrs. Berger smiled as she talked and was plainly cheering her son. After talking with his mother New was noticeably more buoyant.

The work of securing a jury progressed slowly. The jury box was filled with twelve persons passed for cause and the challenge of Mrs. Bradfield resulted in a new talesman being called and the resumption of questioning along the same lines as yesterday, including objections to capital punishment, views on insanity as a defense, and similar theories which may enter into the case.

PROFESSOR PORTA DISCREDITED

TERRIBLE STORMS RESULTING FROM PLANET ARRANGEMENTS PREDICTED BY HIM FAIL TO MATERIALIZE

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 17.—Cold weather but no storms were reported to the Weather Bureau today from all parts of the country. This was the day on which Professor Porta had predicted that the arrangement of the planets would cause tremendous storms.

SAN FRANCISCO, Dec. 17.—Professor Porta today denied that he ever predicted the end of the world, adding: "I am very well satisfied to let the turn of events prove my contentions."

OBJECTS TO JOHNSON

MR. NICOLES THINKS CALIFORNIA SHOULD STAY OUT OF PRESIDENTIAL RACE

Editor of The Evening News:

I note that Senator Hiram Johnson states that he will be a presidential candidate before the next republican national convention.

I would ask, "Why should the delegates to that convention consider his nomination for even a moment?"

What has Mr. Johnson done for the party in the last eight or ten years that he should even be mentioned in this respect?

Also what has the great state of California done for the party in the last eight or ten years? That this honor should come in 1912 California virtually disfranchised every republican voter that wished to vote for the head of the republican ticket for President, W. H. Taft. In 1916 the state of California elected Woodrow Wilson, a Democrat, for President.

In 1916 those who engineered the great crime of 1912 against the republican party asked all old time republicans to forgive and forget the disaster of 1912 and all join hands for a Republican victory.

The old timers forgave them, but did they forget? Certainly not, in California at least. In 1916 Mr. Johnson was a candidate on the republican ticket for U. S. senator, and was elected by an immense majority, while the head of the ticket, Mr. Hughes, was defeated by less than 4000 votes. Allowing for Mr. Johnson's personal popularity in the state, Mr. Hughes should have carried the state by 50,000 majority. What were all of the senator's friends that gave him his great majority doing all this time? Voting for Mr. Wilson or not voting for the head of the ticket at all.

So I say why should the convention consider Mr. Johnson's name for a moment or why should California have the honor of furnishing the candidate. Personally my first choice is Governor F. O. Louden of Illinois; next General Leonard Wood, then any capable republican outside of California.

W. H. NICOLES.

SINGULAR ACCIDENT

Conductor Collins, who has the run on the car which leaves this city for Los Angeles at 6 o'clock in the evening, had quite an accident Tuesday night as the climax of a series of mishaps suffered the two-car train. As described by one of the passengers—while crossing the S. P. tracks the rear trolley pole left the wire. They had gone but a short distance further when the front trolley came off and broke the trolley pole. The train started on again and just as it neared the bridge the rear trolley came loose and broke the cord, stopping the car in the middle of the bridge. It was dark and Conductor Collins thought his car was clear and stepped off the car steps and fell to the river bed below. He struck on his left shoulder, hurt his left arm quite seriously and received two or three deep cuts on his face, but was able to scramble up the bank and get back onto the car. The train waited on the bridge for half an hour when another P. E. train from the north came along and pushed the two disabled cars to the Ivanhoe switch where they were left. The passengers were transferred and continued their journey.

SUDDEN DEATH

DARIUS C. DEAN EXPIRES OF HEART TROUBLE WHILE AT WORK IN BACK YARD

Darius C. Dean of Tejuanga, suddenly expired this morning of heart trouble, falling dead while at work in his back yard. He was one of the most prominent residents of the community and his unexpected demise is a shock to his many friends. He leaves a widow and one son, C. W. Dean, who was associated with his father in the mercantile and real estate business in Tejuanga.

Deceased was 69 years, eight months old, was born in Michigan and came to California about seven years ago. He had resided in Tejuanga almost constantly ever since his arrival in this state. The remains are at the parlors of Pulliam & Kiefer and funeral arrangements will be announced later.

WEATHER FORECAST: Fair tonight and Thursday. No important change in temperature.

BIG PROPOSITION

GLENDALE PRESBYTERIANS CONSIDER PLANS FOR NEW ADEQUATE CHURCH PLANT

Members of the three official boards of the Glendale Presbyterian Church were entertained Tuesday evening at the home of Mrs. R. A. Petersen in Los Angeles, where they enjoyed a most delicious and daintily served chicken supper. Mrs. Petersen was assisted by her sister, Mrs. Fanning, and the home of the hostess was beautifully decorated with holly and the Christmas colors in honor of the occasion. Her guests met at the church and went in a body by automobiles.

Besides being a very pleasant social affair it was a gathering for the purpose of listening to a proposition which the pastor, Rev. W. E. Edmonds, had great pleasure in presenting at the beginning of his ninth year of ministry here as a sort of anniversary event. Those present were: Elders: W. J. Clendenin, Harry L. Howe, J. A. Newton, Howard L. Brown, M. P. Harrison, R. P. Isitt, R. A. Petersen, H. L. Finlay.

Deacons—W. G. Boyd, J. K. Glickerson, J. W. Cooper, Roy D. King, F. H. Eilers, A. F. Van Ornum, V. E. Skiles, Henry Lawrence, G. B. Porter, R. T. Lyons.

Trustees—T. W. Preston, chairman; Daniel Campbell, C. E. Boss, J. B. McClellan, T. Weien.

Mr. Edmonds reviewed the past eight years of his pastorate and showed that during that time he had taken into the church 827 new members. The church now stands eighth in the Los Angeles Presbytery. As he explained, and his board members fully understood, the present plant is entirely inadequate for the needs of the church at this time, to say nothing about what it will be in the coming year. His plan covered a five-year program which proposes an entirely new plant in a central location. He mentioned the new church at Santa Barbara, the one at Fresno, and the proposed new churches at Highland Park, Eagle Rock and several local church-building movements. He also showed there were 5000 to 8000 people in Glendale and vicinity that apparently are not reached by local churches.

The new plan proposed to accommodate a membership of at least 1500 persons and a Sunday school plant of 1000; also to make provision for special work among the men of the church which will take upon itself certain fraternal features; also provision for conferences such as the annual Bible Conference and for bringing here speakers of national reputation; plans for conventions and institutes; plans for the employing of a secretary of religious education.

PERSIAN NEEDS

RETURNED MISSIONARY TELLS WOMEN OF PRESBYTERIAN CHURCH OF CONDITIONS THERE

The Woman's Missionary and other societies of the Glendale Presbyterian Church met for all-day sessions Tuesday morning. The forenoon was given to sewing. A nice luncheon was served by the hospitality committee at noon. In the afternoon a missionary meeting was held at which devotional exercises were led by Mrs. Field.

Mrs. Wilson of Pasadena was the speaker, her theme being "The Jubilee Message of Persia." She was born in Persia and spent many years there. For that reason she is well posted on the condition of the country. She told of its development during the past fifty years and spoke of Miss Fisk, who was the first to establish a school for girls there. It is now known as Fisk Seminary. She also referred to the first English newspaper, which was called "Rays of Light."

She stated that there are now eight mission stations one of which, "Urumia," had a population of 70,000 before it was destroyed by the Turks during the war. The flight from the city was led by Dr. Shedd, brother of the president of Occidental College and he died on the way. There are now but about 30,000 refugees left and they are much scattered. She closed with a plea for reconstruction work in these missions after she had spoken of the wonderful work done among the boys of Persia by Dr. Ward, who filled the pulpit of the Glendale Presbyterian Church for a time prior to Dr. Edmonds' pastorate. About sixty persons were present. Girls of the Westminster Class had been invited and a number of them joined the society.

GLENDALE, CALIFORNIA, WEDNESDAY, DECEMBER 17, 1919

MEN OF GLENDALE

How well we remember back to those days of anxiety, only a few short months ago. We were in the grip of a mighty conflict. Many of us were kept on this side of the water to do our bit as best we could. Many of us got into the thick of it and learned the true meaning of the word Hell. There was not a man of us, whether on this side or over there, who did not in some measure feel the enormous weight of the great struggle. We have all struggled together, some of us through many anxious days, some through tears, and some through blood.

But now at last we sit back, take a deep breath and say, "Thank God! It's over with!"

But is it? Read through the paper any day and ask yourself if the world is just what you would like to see it. We have fought, struggled, and many of us have died in this great fight for Liberty, for justice, for fair play, for a cleaner, better place to live in, for a safer, happier land for our children to live in. Have we already reached that goal? Or was the great conflict merely one of the more difficult steps in the upward progress of this old world of ours?

And so, in our saner, more thoughtful moments, we must of necessity realize that the struggle for those same higher ideals of "Peace on earth, good-will toward men" is still on. Every man, woman and child of us still has his or her part to play, just as truly as we did two years ago. Brotherhood? Patriotism? Peace on earth? Not yet! We still have a long hard row to hoe, and we know it!

Why, then, do so many of us stand by so contentedly and do nothing? Is it because we are un-patriotic? No. Is it because we are out of sympathy with those higher ideals? God forbid! Is it because we are lazy? Perhaps. Is it because the spectacular element has dropped out, and we no longer have a brilliant spot-light to dance in? Perhaps. Is it because we are "too busy" looking out for little number one? Very largely. It certainly isn't because we have not been asked to help, not because there is not the opportunity for us to still do our "bit" right here in Glendale! Does not Glendale have churches? Haven't we a Y. M. C. A., a K. of C., a Red Cross an Associated Charities, and many others? "Oh!" we say, "But we have given money to all of these." Yes and the money is appreciated, for it is sorely needed, but that isn't SERVICE! What we need in Glendale are a few more men who are willing to give just a little TIME, a little THOUGHT, a little ENERGY!

Opportunity? Why there are over six hundred golden opportunities knocking at the door of every man in Glendale. Six hundred young red-blooded American boys. And not a bad boy among them, for there is no such thing; just a few misdirected boys, that's all. And the Boy Scout program offers just the needed direction to these six hundred bundles of energy, and offers it in a way that not only educates and uplifts, but at the same time gives him the bulkiest kind of a time. It teaches him among other things to "Be Prepared," prepared to act in any emergency, prepared to do some real good in the world. It teaches him the wonders and beauties of God's great out-of-doors. It teaches him sincerity and he means what he says when he takes his Scout Oath, "On my honor, I will do my best, (1) to do my duty to God and my Country, and obey the Scout Law; (2) to help other people at all times; (3) to keep myself physically strong, mentally awake, and morally straight." And his Scout Law is real to him,—"A Scout is Trustworthy, Loyal, Helpful, Friendly, Courteous, Kind, Obedient, Cheerful, Thrifty, Brave, Clean, Reverent." It builds up his spiritual life. The Bible classes, which are purely non-sectarian, held at camp out in the Church of All Churches, the Out-of-Doors, have accomplished in many a boy's life what no Sunday school or church could accomplish.

And yet, with over six hundred boys in Glendale of Scout age, we have but four Scoutmasters and two Assistants, every one of them with a heavily overloaded troop. Boys are waiting by the hundreds here in Glendale for just a few of us men to come forward and give them just one or two small hours one evening a week. How long are we going to continue sitting back in our easy chairs and refusing to listen to or answer the knocking of these six hundred wonderful opportunities? Come, Men! Let us not only give what financial backing we can, but let us come forward and volunteer our services as Scoutmasters or Assistants.

But what qualifications are called for, you ask. A little patience and personality, a sincere active belief in the ideals of Scouting, and whole-hearted love for boys. What real red-blooded men in Glendale are there who can not measure up to these requirements!—especially the last, which is most important. Men, we are NEEDED! Let's go! Just drop a card in the mail, addressed to Scout Headquarters, City Hall, Glendale, making your own appointment, and you will be called upon and given full information. Sit right down and DO IT NOW!

THE LESSON OF THE WINDS

Heavy dust-clouds hung over the Southern California coastal plain a few days ago, so thick that interurban cars were running with headlights connected in the middle of the day. Dust-storms are not unusual in Southern California, but there was something distinctly unusual about this one.

Not only was this a dust-storm caused by a heavy gale sweeping through Cajon pass and across the Cucamonga desert, as is generally the case, but the air was filled with ashes that had accumulated during the great forest-fires that nearly denuded the Sierra Madre of brush-cover in the late summer. The powdery ashes were taken up and carried with the wind, until boatmen at San Pedro said that the ashes settled on the wood work of the fishing vessels out beyond the breakwater.

County Forester Flintham was up in the mountains during this high wind. He tells a significant story of the swirling ash-clouds, and of how thoroughly the mountainsides have been swept, first by the fires and then by the titanic besom of the winds. On over two hundred thousand acres of mountain slope there is nothing to retard the storm-waters as they begin to come during the rainy months. The ashes have made the surface of the mountainside "greasy," as is the case always with a product containing lye, and on the smooth,

ABOUT THE CENSUS

Enumeration Begins January 2, 1920
The census is required every ten years by the Constitution of the United States and by Act of Congress. The date named for beginning the 1920 census is January 2, but the "Census Day" is January 1.

In cities the population enumeration will be completed in two weeks. The enumerations of farms will be completed within thirty days.

The censuses of manufacturers, mines and quarries, oil and gas wells, and forestry and forest products will, as a rule, be taken by special agents and by correspondence, and not by enumerators.

The census is the means by which the Government ascertains the increase in the population, the statistics concerning agriculture, and the vital information concerning the resources of the nation.

Census for Statistical Purposes Only
The census inquiries are defined by act of Congress.

The information gathered is strictly confidential, made so by law.

Census information can not under any circumstances be used as a basis for taxation, nor can it be used to harm any person or his property. It has nothing whatever to do with detection, arrest, prosecution, or punishment of any person for any violation of any law.

Important Questions Asked of All Persons

1. Age at last birthday.
2. Each person ten years of age and over will be asked whether he is able to read or write.
3. Each person will be asked his birthplace as well as the birthplace of father and mother.
4. If foreign born the date of coming to the United States will be asked, and, if naturalized, the date of becoming a citizen; also mother tongue or native language.
5. Each head of a family will be asked whether his home is owned by him or rented. If owned, whether the home is mortgaged or free of debt.
6. Each person will be asked his occupation and whether he is an employer or employee or is working on his own account.

The answers to the above questions give valuable and vital information to the government concerning the health, welfare, and progress of the persons under its protection.

Important Questions Asked of Farmers

1. Each occupant of a farm will be asked how many years, if any, he worked on a farm for wages; how many years, if any, he was a tenant; and how many years, if any, he farmed as an owner.
2. Whether he (a) owns, or (b) rents, or (c) partly owns and partly rents his farm, or whether (d) he operates the farm for others as a manager or superintendent.
3. How many acres in his farm? Number of improved acres? Number of unimproved acres and number of acres of woodland?
4. Total value of farm? Total value of buildings? Value of implements and machinery on farm?
5. Whether farm is mortgaged? If so, the amount of mortgage?
6. Expenses for feed, fertilizer, and labor in the year 1919?
7. Several questions concerning artificial drainage on his farm.
8. Number of cows, horses, sheep, chickens, and other domestic animals on the farm January 1, 1920?
9. Quantity and acreage of all crops grown on the farm in 1919, including fruits and vegetables?
10. Quantity of milk and butter sold off the farm during the year 1919?
11. Acreage of timber land on farm and value of forest products.

Correct answers to the above questions are of the utmost importance. The United States Department of Agriculture assisted the Census Bureau in preparing the questions on the agriculture schedule and appeals to farmers everywhere to keep farm records for census purposes.

Copies of the Agriculture schedule can be had in advance by any farmer by writing to the Director of the Census, Washington, D. C.

Farm Defined
A farm for purposes of the census includes all the land cultivated by a single farmer either by his own labor alone or with the help of hired labor. It may be in two or more separate tracts, but it is all one farm if it is all under one management.

Identification Cards Carried by Enumerators

Census enumerators will carry identification cards as well as written commissions. These will be shown promptly by the enumerators upon request of any person.

In all cases where persons are suspicious of imposters these identification cards should be demanded. It is against the Federal law to impersonate a Census official, and imposters should be reported to the authorities.

Census Questions Must Be Answered

The Act of Congress providing for the Census makes it the duty of all persons to furnish the information asked for by the enumerators to fill out the census schedules. No persons should hesitate, neglect, or refuse to answer fully and accurately all the enumerator's questions. He only asks the questions necessary to fill the schedules as required by the Act of Congress.

Keepers of hotels, apartment houses, boarding or lodging houses, or tenements, must assist the enumerator in getting the information concerning the persons living in such hotels and houses.

A THIRD GRADE PARTY

Columbus Avenue School had a
most unique party recently when the
mothers and teacher of the third
grade were entertained at the resi-
dence of Mrs. John Robert White.

The afternoon's entertainment
consisted in playing old fashioned
children's games. Keeping up the
spirit, Mrs. H. V. Henry sang "The
Minuet," by Mary Mapes Dodge; and
followed with "My Own United
States," from the patriotic opera,
"When Johnny Comes Marching
Home." This last proved so inspir-
ing that soon every one was sing-
ing.

Mrs. White was assisted in serv-
ing tea and cake by the executive
board of Columbus Avenue P. T. A.

More of these grade parties are
to be held after the holidays to pro-
mote comradeship and a good feel-
ing between parents and teacher.

Personals

Mrs. Elizabeth Webb and grand-
child have gone to Imperial Valley
to spend Christmas with relatives
there.

The Epworth League of the First
Methodist Church is planning a hike
to Mount Wilson during the holi-
days.

Mrs. C. C. Tucker of 535 North
Kenwood is entertaining her sister,
Mrs. Rodd and daughter, who are
here from Duluth.

Mrs. John Wilde of Portland, Ore.,
is here visiting her mother, Mrs.
Crawford, on Cedar Street, the rela-
tives of Mr. Wilde and old friends.

Among recent realty transactions
negotiated by the B. & M. Company
was the sale of property at 465 West
Elk Street, belonging to Mr. Wal-
ker to Mr. Birk Chrisman of this
city.

Mr. and Mrs. A. W. Beach of 533
North Brand Boulevard have just re-
turned from Montana where they
spent Thanksgiving with relatives of
Mrs. Beach. They were gone about
three weeks.

Mrs. Ed Lee of 345 North Bel-
mont Street expects her aunt, Mrs.
Emma Miltonberger, from Lincoln,
Neb., to arrive Friday. She may
remain for the winter. Mrs. Lee has
also been entertaining Miss Gepe-
vieve Ganaway of Spokane, who will
be here until after the holidays.

Miss Doris Ingledue, who is em-
ployed in the Public Service Depart-
ment at the City Hall, is entertain-
ing her associates at her home on
East Wilson Avenue, with a mid-day
luncheon Thursday in honor of Mrs.
Noble Ripley, who has resigned her
position and is leaving Saturday.

Harold Duey of 1125 North Louise
Street, a High School student, is tak-
ing advantage of the holiday vaca-
tion to take up work with the Whit-
ing, Mead Company, a wrecking com-
pany of Los Angeles, where he was
employed during the summer and
where he can have a job any time he
has any leisure to give the business.
He is in charge of the screen room.

Ernest W. Bennett of 318 West
Doran Street who became ill recent-
ly and was threatened with nervous
breakdown, is confined to his bed,
where the doctor says he must stay
long enough to recuperate his
strength and nervous energy. He is
so much improved that his friends
are encouraged to believe that he
stopped in time and will soon be in
normal health.

Rev. McGlothlan, a retired Pres-
byterian clergyman who is now con-
nected with the B. & M. Realty Com-
pany, had the pleasure of officiating
at the wedding of a friend of his
daughter last Sunday morning. The
bride was Miss Gertrude Schmitzius,
who came from Savannah, Mo., about
ten days ago and has since been the
guest of her aunt, Mrs. Giluly at 342
East Bonita. The groom was Harry
N. Blakeslee of Bakersfield, Cal.
They are spending their honeymoon
here and will make their home in
Bakersfield.

DEATH OF MRS. JACK

Mrs. Nancy Jack, who has been
making her home with her daugh-
ter, Mrs. Rate, of 231 South Hill
Street, Los Angeles, passed away De-
cember 15th in Glendale. She leaves
one daughter, Mrs. Rate, and two
sons who are in Wyoming. The re-
mains will be shipped to Creston,
Iowa, Thursday at 8 p. m. Mrs. Rate
will accompany the body. Jewel
City Undertaking Company in
charge. Flowers may be sent to the
undertaking company.

FLORIDA VISITORS

Mr. and Mrs. Henry Ford, their
son Evert and daughter Alberta,
who have been visiting I. A. Ford
of 215 North Adams Street, uncle of
Henry Ford, are leaving tonight by
train for Modesto. They will be ac-
companied by Mr. Ford's parents,
Mr. and Mrs. G. D. Ford, and while
in Modesto will visit in the home
of Henry T. Clark, brother of Mrs.
Henry Ford. The party has come to
California from Fort Myers, Fla.,
where Henry Ford owned and pub-
lished the local paper, the "Fort
Myers Press." That plant has been
sold and he is now looking for a
new location in California. He says
that today (Wednesday) is like a
typical Florida day, but that some
of the weather since he came to
Glendale has been colder than he was
accustomed to at Fort Myers. He is
greatly taken with Southern Cali-
fornia, however, and says our devel-
opment has put us way ahead of
Florida.

SURPRISED BY OLD FRIENDS

Dr. and Mrs. R. V. Hogue had a
very delightful surprise Tuesday
when two old friends, Mr. and Mrs.
Porter Barnes and their daughter,
Helen, of Springfield, Mo., appeared
at their home in time for lunch. The
Hogues and the Barnes were great
chums during their school life be-
fore their marriages and subsequent-
ly, and the doctor and his wife did
not know until the Barnes family
appeared that they were anywhere
in this part of the country. Need-
less to say they had a real, old fash-
ioned visit, and were taken to see
the sights of Glendale and its envi-
rons in the hope that they could be
persuaded to locate in Southern Cal-
ifornia. Mr. and Mrs. Barnes are at
present guests of Mrs. Ford, mother

NEW COMERS FROM OREGON

C. A. Bunting of Klamath Coun-
ty, Oregon, who came here in Octo-
ber and bought the P. A. Kranz
property on North Brand Boulevard,
was the magnet which drew to
Glendale his brother, C. A. Bunting
of Lake County, Oregon, who recent-
ly purchased the property adjoining,
viz: the residence of Julius Kranz
at 1317 North Brand. C. A. Bunt-
ing has only now been able to take
possession of his residence owing to
the fact that his wife, who has been
in a Los Angeles sanitarium has not
been able until now to be brought to
her new home. Sol Chandler and
wife of Lake View, Oregon, who are
relatives of the Buntings, have come
down to spend the winter with them,
and Fred Bunting, son of the house,
from Nevada, is here for the holi-
days.

PRINT PAPER SHORTAGE

POSTOFFICE COMMITTEE ASKS PUBLISHERS TO REDUCE
BY TEN PER CENT THE SIZE OF THEIR PAPERS

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 17.—The House Postoffice Committee
today appealed to newspaper publishers throughout the country to
reduce immediately their papers by ten per cent on account of the
paper shortage. The appeal declared that action is necessary "to
prevent destruction of a large number of newspapers in the smaller
cities and thus inflicting great loss on the communities served
by them."

HELL'S AMBASSADOR

If Satan by proclamation should assemble all the powers and
principalities of hell in convention to elect and dispatch to earth a
demon best qualified to arrest the processes of civilization; to palsy
the arm of philanthropy; to clog the wheels of the chariot of prog-
ress; to blight with the mildew of death the aspirations of youth,
and the tearful admonitions of fond mothers' hearts; to turn widows
and orphans homeless and friendless out to die; he could not have
sent a demon better equipped to carry on and consummate every
item of this black inventory than the hideous monster BOLSHEVIK.
This very moment he has millions of our fellow creatures chained
to his burning car, with wheels rolling in blood and axles circum-
volving like lightning down the slippery highway of degradation; he
is hurling them into eternal chaos and universal bankruptcy.—

RESEARCH STATION TO BE ESTABLISHED AT U. OF C.

Acceptance of the plan for the establishment of a research sta-
tion at the University of California proposed by Commissioner P. P.
Claxton, of the United States Bureau of Education, was voted at the
recent meeting of the Board of Regents in San Francisco. R. S.
French, Assistant Professor of Education in the State University
was nominated to the United States Bureau of Education as Special
Collaborator to direct the work of the local cooperative research
station under the terms specified by the Bureau of Education.

U. OF C. PRESS ISSUES PUBLICATION IN ZOOLOGY SERIES

Instructors in zoology in California's high schools will welcome
the new publication in the zoology series of the University of Cali-
fornia publications by Robert Clinton Rhodes entitled "Binary Fis-
sion in Collodictyon Triciliatum Carter." The Flagellata forming the
subject of the observations were from an aquarium containing gold-
fish imported direct from Japan. The author writes, "In no other
cultures have I found Collodictyon. Since it has only been noted
from India and central Europe, it is possible that it is not native to
California, and may have been introduced with the importation of
goldfish from Asia or Hawaii." Collodictyon, a microscopic organ-
ism, is said to have been first described by Carter in 1855.

FUNERAL OF REV. J. S. MOODY

One of the largest funerals that
has been seen in Glendale in many
months and one which drew a larg-
er attendance from distant points
widely separated than is at all com-
mon, was that of Rev. J. S. Moody,
who died suddenly following a para-
lytic stroke Saturday at his home
on North Maryland Avenue. They
were held Tuesday afternoon at the
Baptist Church. Deceased had
preached in Baptist churches in this
state for more than thirty years, and
everywhere endeared himself to his
parishoners who came from Pomona,
Hemet, Fullerton, Azusa and many
other points to pay their tributes of
respect. The floral offerings were
very beautiful, especially one from
Pomona, his first California charge.
Three ministers participated in the
service, both at the church and the
grave, the local pastor, Rev. Ford,
Dr. Harper, secretary of the State
Board of California Baptist churches,
and Rev. John Snape of Hollywood.
Mrs. Neighbors sang very beautif-
fully "Abide With Me," and "Go Bury
Thy Sorrow." Four brothers of de-
ceased came from a distance to be
present, viz: D. J. Moody of Chow-
chilla, Cal.; Judge Frank Moody of
Willows, Cal.; A. J. Moody of On-
tario, Cal., and H. L. Moody of San
Diego. A brother and sister living
in Missouri were unable to be here.

TO DECORATE SHRINE AUDI- TORIUM

Harold Phillips and George Has-
tings of this city, who have quite
a local reputation for artistic skill
as decorators, were chosen to beau-
tify the Shrine Auditorium in Los
Angeles for the big ceremonial to be
put on there by the Los Angeles
Elks Lodge No. 99, when 950 can-
didates are to be initiated. It will
be one of the biggest Elks celebra-
tion that has ever taken place in
California and will be preceded by
a street parade in which all the
lodges of Southern California and
their bands and drill teams will take
part. Messrs. Phillips and Hastings
completed their task Tuesday night
and the auditorium is said to be very
beautiful.

Mrs. Frank R. Liddell of 534
North Kenwood Street is entertain-
ing Miss Katherine Terry of Washing-
ton, D. C. at a luncheon at the Alex-
andria today, to which a few society
young ladies of Los Angeles have
been invited to meet her.

Grease spots may be removed
from the kitchen floor by scattering
soda on the spots and then pouring
on boiling water.

Potato chowder made with pota-
toes, onions, milk, butter and sea-
soning is an excellent cold-weather
dish.

CHANGE H. S. SITE

(Continued from Page One)

however, the business center has shifted, and is now at the place where the old High School was located, and about one block from the present school. Later the trustees found it necessary to acquire additional ground to the west of the present site. Now another expansion is needed, making three changes in 13 years.

If the ground on Brand Boulevard were purchased, it would bring the High School onto the main business street of the city and within one block of the business center. As Mr. Chandler stated, this property is the most expensive piece of unimproved property in Glendale. The ground is too valuable for this purpose.

The writer has been in most of the cities of Southern California and does not remember any city having a high school in a position similar to the one which our High School would occupy if this property were purchased.

Did the State Normal School stay in its old location in Los Angeles? Where did it go? Where is L. A. high now situated? Where is the Pasadena High School? How about Santa Ana, Fullerton, Whittier, Anaheim, Long Beach, Compton, Huntington Park, Pomona, Covina, Monrovia, South Pasadena and the rest? How many of these schools are on the main business street of the city, within one block of the business center? Business has always crowded out schools owing to the unsuitableness of business locations for school purposes. Therefore, let us not bring our High School into the business district and have to remove it later.

The present High School buildings would be too large for city purposes and the people would probably hesitate about buying a building for an auditorium exclusively, but could not one of the two main buildings be kept for a grade school? If one main building were used for a city hall and the other for a grade school the main part of the problem would be solved.

The only satisfactory alternative for Mr. Butts' plan is the removal of the athletic field to another site. It would seem to the writer that the block directly east of the present buildings would be more costly than the property southeast. This property has only one building above the average in value and has many vacant lots. Furthermore, it could be purchased as far as Glendale Avenue, to anticipate future development of the school.

Let us get together, then, and give our High School plenty of room, settling this matter for a long time.

BIG PROPOSITION

(Continued from Page One)

tion; plans for daily vacation Bible schools through the summer months; large plans for social equipment, including a modern dining hall, etc.

It is proposed that the name of the church shall be changed from "The Glendale Presbyterian Church" to "The First Presbyterian Church of Glendale."

The pastor said it was his idea that the campaign should begin immediately for a plant to cost between \$75,000 and \$100,000, to be one of the most complete and up-to-date of any Presbyterian church on this coast.

In the talk which followed mention was made of the Friends' church at Whittier as an ideal model for this city. In summing up the reasons why the pastor was confident of the success of such an enterprise if undertaken, he said: "It must be a success, first, because we are a united church; second, because we have strong boards; third, because of the feeling of the congregation that we must do something on account of our crowded conditions; fourth, the willingness on the part of the people to sacrifice for this work."

The pastor's proposition was unanimously indorsed by those present, the men who participated in the discussions being: W. J. Clendenin, Harry L. Howe, J. A. Newton, Howard L. Brown, M. P. Harrison, R. P. Isitt, R. A. Petersen, H. L. Finlay, J. K. Gilkerson, J. W. Cooper, Roy D. King, T. W. Preston, and Daniel Campbell.

A special committee was appointed to make an immediate survey and bring in a report to the congregation at an early date. This committee was composed of W. J. Clendenin, chairman; M. P. Harrison, J. W. Cooper, T. W. Preston, and Dr. Edmonds.

It is probable that the plans for financing the campaign will be taken up immediately.

THINGS YOU OUGHT TO KNOW ABOUT ADVERTISING

Advertising is not a mystery any more than salesmanship, merchandising, law, government, blacksmithing and farming are mysteries. It is the close application of common sense; it is built and based upon confidence. So is every business transaction—every social relation, civilization, life itself. Keep that thought in mind.

The greatest successes we know are advertising successes. More money is made through this medium than any other. The business man who fails to see and appreciate this truth, is, to say the least, unfortunate. He is wilfully throwing away money. Any business minus a reasonable amount of newspaper advertising is unstable. If there were any surer method to business success than through the medium of newspaper advertising, someone would have discovered it long ago. Be assured of that.

We believe—we have always believed—that if the business organizations of our town and community would use more discretion in their advertising, and use more advertising space in the newspapers, this would, more than anything else, discourage non-local buying. The large department stores appreciate good advertising. Why? Because it gets the business.

Today no business concern can survive without judicious advertising, and the success of any institution is just as great as its advertising makes it. A river cannot rise above its head. A business cannot rise above its advertising. Advertising is to business what gasoline is to an automobile. No matter how good may be your automobile, it will not go without gasoline. Think about this.

We are on the eve of a new advertising area. It will be just as big as we care to make it, or as small. Advertising is one of the greatest forces in the world. It has accomplished purposes which no other agency has ever been capable of doing. The printed word reaches further, is more effective, and brings things to pass more quickly and satisfactorily in almost every instance than the spoken message. You will agree that the great liberty loan and other war work drives were brought to a magnificent conclusion through the aid of the printed message in the newspapers of this country. You will also agree that advertising is the only agency that could have accomplished so great a task in so short a time. Think of the many millions of dollars that have been passed along to the aid of Uncle Sam, and his great cause in behalf of humanity. Newspaper advertising played an important part in every drive; in fact, it is safe to say that the newspapers were potent factors in every undertaking looking toward the maintenance and comfort of our troops abroad as well as those of our camps and cantonments in this country.

We are all aware that there are numberless avenues through which the public can be reached, billboards, street cars, dead walls, circulars, souvenirs, etc. But in the opinion of the merchant princes of the world these and all other modes of advertising are but secondary to newspaper advertising. There are many men in business who fail to take newspaper advertising seriously, to the extent of employing it to promote their enterprises. They refuse to be convinced. They lose out eventually. You know of many of them in the past few years who have gone into the discard as a result of their failure to advertise.

Remember always the bigger the business, the more it needs the assistance of sound advertising. Never put off until tomorrow the profits you should be making today by having advertised yesterday. If you could gather five or ten thousand prospective buyers into a large auditorium daily and talk to them, you would not need newspaper or any other kind of advertising. But you cannot do this, so the only alternative is to put those same words into print and send them to prospective buyers through the newspaper. Can you think of a better way? If so, we would like to have you tell us—it would be the greatest discovery of the age. The newspaper is always a power in any community, either for good or evil. Advertising can do nothing for the man who disregards it. Advertising doesn't add to your resources so much as it multiplies them.

We say to you conscientiously that the local newspaper is the greatest merchandising force in the world. It has helped build some of the world's greatest organizations; and the fact that some of the world's greatest stores advertise extensively and constantly, is proof that IT PAYS TO ADVERTISE. Knowledge plus enthusiasm plus advertising, equals prosperity. Time means money. Advertising saves time. Your advertisement in the newspaper has greater weight than what you say personally because it has the additional weight of the newspaper's recommendation which combines in giving the buying public confidence in you and your merchandise.

Do you wish to increase your business? We'll give you the answer—we'll tell you how to do it. Increase your advertising, and watch it grow? What! Do you doubt our statement? Ask some of the biggest concerns in the world. They'll tell you we speak the truth. Think about this, and ask yourself every day of the week if you are advertising enough. May we not come in counsel with you to help solve some of your advertising problems? Call on us—let us talk it over anyway. We know a whole lot that will be of great value to you.

NO CLASS WAR

"We shall get no peace until class war disappears from the list of remedies for injustice and discontent, and reciprocally the belief is abandoned that social injustice can be done without any curtailment of privilege and prescription. Only the refining sense of national unity can reinvigorate the spirit of world unity which gleamed momentarily over the early months of peace. Civil strife is a poor wreath to lay on the graves of our dead—ours, theirs, half the world's—class hatred is a sorry monument to erect to their memory. Not on one field but on three continents and over all the seas they fought for justice and kindness and freedom and not they alone but all their people, men and women, with heads and hands. We cheered our heroes as doers of the will of all mankind. Those tunics rolled in blood, those blankets wrapped around your dead, those cloaks of your sailors lapped in the deeps of the seas—do they not call to you to fight on to win the war for peace?"—W. R. Balch.

WHEN AGE IS AN ASSET

Age is an asset when accompanied by ambition. Years are but youth when conserved by good health.

Men past middle age have often given up too quickly, and on several occasions have been dismissed from an organization too early.

The plan of dismissing experience is a flagrant waste of human energy and a foolish expenditure of valuable timber.

Men past fifty, who have taken care of themselves, have proved, during the past years to have the ability again to serve faithfully and well.

The war has added ten years to the appreciation of older men.

The so-called "old men" were not raw recruits—they just came back, that's all.

To fire the faithful is to discredit loyalty and to dishearten the individual that is approaching the "firing line."

When industry injects more humanity into its plans and purposes, there will be less occasion for arbitration, and business will become a company of co-operators. And you know co-operation put a tin can on the tail of competition.

The question of age depends upon whether you mean activity of mind or of body—ability of mental or of physical force.

No sensible thinker would recommend an old man for a foot race, but I am satisfied that many of the older men would make a rabbit run some.

Let me give you an illustration of what age has done among the mental workers:

Marion Harland (Mrs. Mary Virginia Terhune) is 88 and is still actively engaged in writing.

Dr. Lyman Abbott is 83 and is active in his editorial work.

Dr. Charles W. Eliot, president emeritus of Harvard, is 84.

Hon. Joseph G. Cannon is 83 and ever so active mentally.

Chauncey M. Depew is 84, John D. Rockefeller is 81, Cardinal Gibbons 85 and John Burroughs, the distinguished naturalist, 82.

CHRISTMAS PREPAREDNESS

—AT—

Williams Dry-Goods Store
"The Biggest Little Store in Glendale"

The Christmas atmosphere greets you as you enter our store. "How pretty your store looks," is the remark we hear daily. We are naturally pleased at these comments as well as the compliments we hear as to the quality of our Christmas goods and the reasonableness of our prices. These are some of the things we hear:

"What beautiful handkerchiefs and how reasonably priced."

"A pair of these shoe trees in blue or pink is just what I have been looking for. They will last a lifetime, the steel is of such good quality."

"These wool slumber slippers will please her. They are all so pretty. Shall I choose the pink, light blue, tan or gray? And only 95c."

THINGS THAT CAN'T BE DONE

The Boston Transcript says a framed copy of the following poem is hanging on the wall of Cushing Academy at Ashburnham, Massachusetts. It does not give the name of the author:

Somebody said that it couldn't be done,

But he, with a chuckle, replied

That maybe it couldn't, but he would be one

Who wouldn't say so till he'd tried.

So he buckled right in, with the trace of a grin

On his face; if he worried, he hid it.

He started to sing as he tackled the thing

That couldn't be done—and he did it.

Somebody scoffed: "Oh, you'll never do that—

At least, no one ever has done it."

But he took off his coat, and he took off his hat

And the first thing we knew he'd begun it;

With the lift of his chin and a bit of a grin,

Without any doubting or quidding;

He started to sing as he tackled the thing

That couldn't be done—and he did it.

There are thousands to tell you it cannot be done;

There are thousands to prophesy failure;

There are thousands to point out to you, one by one,

The dangers that wait to assail you.

But just buckle in with a bit of a grin,

Then take off your coat and go to it.

Just start in to sing as you tackle the thing

That "cannot be done"—and you'll do it.
